

Application for Chair of the NQAAP for Genetics

Applications are now invited for the Chair of the NQAAP for Genetics, taking up office until the Annual General Meeting, November 2028. You must be a Fellow of the College to be eligible.

The Trustees wish to encourage nominations of Fellows from within specialties with a range of different relevant skills and experience. For this role, you will most likely be a consultant in Genomics or a scientist.

Nominees should submit the completed application form together with a personal statement of up to 350 words indicating where your strengths and interests lie, what you can bring to the role and any relevant experience. If there are more nominations than vacancies, a ballot of the voting members of the Panel will take place.

We are committed to increasing diversity and inclusion within our organisation, as well as using our voice and platform to help make pathology as a profession more inclusive. This means reflecting critically on issues of diversity and inclusion within all that we do, identifying and taking appropriate actions to reduce inequality, and welcoming challenge. We welcome applications from anyone regardless of their disability, ethnicity, heritage, gender, sexuality, religion, or socio-economic background.

Professor Sarah Coupland
Registrar

I, the undersigned, am willing to serve as the Chair of the NQAAP for Genetics
